NEW MOTOR TECHNOLOGY
Motor Life **10,000** Hours

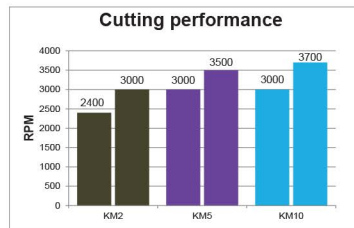

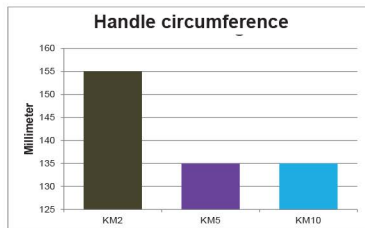

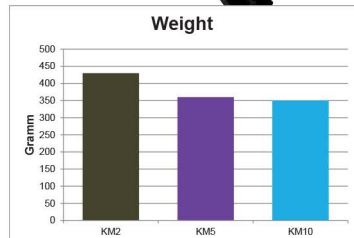

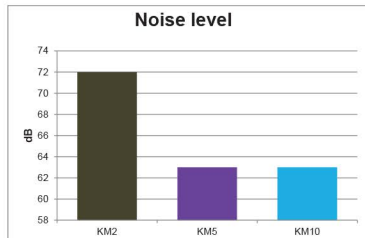

Art.No.: 1261-0470
EAN: 5 99641 5019858
Unit: 6 pcs.

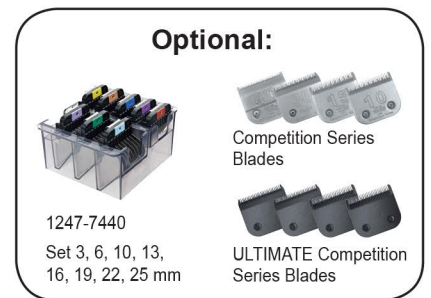

Professional corded animal clipper

For maximum professional results. The lightweight, compact WAHL appliance for top power. Maximum endurance and durability, thanks to the latest motor technology. Perceptibly more powerful and quiet*.

- Maximum cutting power through power transfer and reduced heat development, thanks to new brushless motor technology. Conspicuously longer service life and peak endurance values of over 10,000 hours!
- Two powerful velocity levels of 3000 and 3700 RPM developed for time-saving cutting and shearing of sensitive areas. The rounded casing facilitates an optimum hair flow and enhanced cutting speed.
- Minimum exertion and low joint stress. Confirmed by experts in ergonomics. Impresses through palpably light weight, slim styling and excellent weight distribution. Molds to suit the user's hand, with slip-resistant grip for a secure hold and improved handling. Developed for intensive use in the salon.
- Perceptibly quiet, with smooth running characteristics* adapted to suit the professional requirements of discerning animal stylists. Uniform cutting performance in all cases, thanks to speed control.
- Low-wear Ultimate Competition blade set "Made in USA", 1.8 mm cutting length, cuts 2.5 times quicker**.
- Blade set quick change system with button for easy blade set changing and cleaning.
- Light, ultra-flexible mains cable, 4.2 m long for a greater radius of action. Particularly tough and flexible - verified through flexibility test. Robust metal suspension ring for space-saving storage.
- Energy-saving switched-mode power supply with low voltage. Greater safety for both user and animal!
